## **Report Reference Guide**

Last updated  
June, 2003

The Clublink Report Reference Guide is designed to help Clublink users select the correct report for the job. Once you find the report you like, add it to your Custom Report List and re-title it so you can access it quickly. We don't expect you to use all the reports, but we hope the report you require has been created.

*If you would like to have a custom report created, order it from our website.*

Clublink reports belong to three categories: Base Level, Class Level and Club Level.

- ?? Club Level reports are only applicable if you have a multi-club system.
- ?? Base Level reports use the members on the selected Drop Button.
- ?? Class Level reports use the members in a schedule.

Most Class Level reports come in 6 styles.

1. Full schedule report ordered by Column, Level then Teacher (11)
2. Full schedule report ordered by Teacher, Column then Level (12)
3. Current column ordered by Level (21)
4. Current column ordered by Teacher (22)
5. Current Teacher ordered by Column (2b1)
6. Current Class (3-1)

Class Level reports contain class lists and attendance forms.

The next page describes all of the Clublink reports available today.

*Mail merge with Microsoft Word if you would like an extra special report*

## Base Level Reports

Page	File name	Clublink name	Description
7	5160Ind	Avery 5160 Individual	Mailing label from the general tabbed page 3 x 10
